

## ■ ■ Company Profile

Millennium Systems Canada Inc. is a dynamic Canadian owned and operated company founded in 1992. Our corporate headquarters are located in Calgary, Alberta. We are a Value Added Distributor of computer components, complete workstations, servers, software and related equipment, with a supply chain for over 70,000 computer related products.

In 1992 we began as a system integrator, assembling our own Millennium brand of white box PC's which we still assemble for our customers today. As times have changed since 1992, Millennium has also changed. We recognize the importance of managing information faster, and more efficiently, with high availability, and we understand how technologies are expanding the boundaries of human interaction. Millennium Systems Canada Inc. is committed to providing the products that help explore these new frontiers, and enhance the way we live and work.

With our knowledgeable staff, an industry leading e-commerce presence with real time P&A of 35,000+ product sku's, and over 3000 square feet of office and warehouse space, we are well equipped and ready to help customers based on their specific needs.

## ■ ■ What We Do

Millennium Systems Canada Inc. builds custom white box PC's, which are branded for our customers needs (customers own brand, or Millennium brand), with core competencies in custom configuring servers for resellers/consultants catering to small business customers. We supply computer related software and hardware to resellers/consultants, and medium/large corporate accounts with their own IT staff.

## ■ ■ Why Millennium Systems Canada Inc.?

Millennium has over 10 years experience dealing with the needs of resellers and medium/large corporate customers. We have a proven track record with hundreds of satisfied and loyal customers. Millennium is a one-stop shop for IT products. We have the tools and resources to assist with all clients hardware/software procurement needs, including long term relationships with some of the industries top manufactures and distributors. The foundation of Millennium's success has been with our personalized service for all customers.
